POPULAR SHERIFF OF GARRARD DIES SATURDAY

Curt A. Robinson Succumbs to Injuries Sustained in Fall From Silo—Garrard News

Lancaster, Dec. 8.

Mr. Curtis A. Robinson, Garrard county's sheriff, who suffered such a serious accident about two weeks ago by a fall from his silo, died from his injuries Saturday morning at seven o'clock. Mr. Robinson went out on the morning of November 22 to look after his cattle and in some way slipped from the platform about the food receptacle, sustaining a fall of 36 feet and striking astride a two by four beam, crushing and tearing the bones and organs of the lower part of the body in a manner that caused his last hours to be filled with excruciating suffering. On the morning of the accident the groans of the apparently lifeless man attracted the attention of his wife and daughter, who were out on the search of eggs for Mr. Robinson, who had not been very well. He remained unconscious for a number of hours and not till he came to himself was it known just what had happened to him. Local physicians assisted by Drs. Cowan and May, of Danville, performed an operation at two o'clock on the morning of November 22nd, with some slight hope that he might rally. Mr. Robinson was one of the most popular county officials Garrard ever had, and the high esteem in which he was held by his fellow county-men is indicated by the fact that he was serving the third term as sheriff, and that at the time of his first election, years ago, he was the youngest sheriff ever elected to that place in Kentucky. He belonged to one of Garrard's most influential families, having been the youngest son of the late B. F. Robinson, a wealthy planter, and a nephew of the late Richard M. Robinson for whom the famous Union Camp, known as "Camp Dick Robinson" was named. He leaves a widow, two sons, B. F. Robinson, serving as deputy sheriff, Curley Robinson, secretary to Congress man Harvey Hebo, a daughter, Miss Mary Elbert Robinson, two brothers, T. E. Robinson, of Garrard county and George D. Robinson of Danville, and two sisters, Mrs. David Dunn, of Danville, and Mrs. Henry Dunn, of Texas. The funeral services were held at the residence Sunday afternoon at two o'clock by Rev. F. M. Tindler, after which the internment took place in the Lancaster cemetery.

Mr. Homer Sebastian and Miss Mary Baker, living at Nina in this county, were united in marriage in the city of Richmond.

The wedding will occur Dec. 12th, at the home of the bride's parents in Birmingham, Ala.

Mr. Rufus Moss, a prosperous farmer of Lower Garrard, who sustained a serious injury two months ago from the kick of a mule, but who after several incisions in his side and the removal of pus was considered on the road to recovery and had returned to his home in the Bryantsville section, is again in a precarious condition. He was brought back to the home of his brother-in-law, Dr. J. M. Acton's and another incision has been made when a quart of pus was removed.

The handsome school building just completed at Bryantsville was dedicated on Saturday, Dec. 5th. It was an all day affair, with an interesting program, including some fine speakers.

Mrs. George W. Naylor died at the home of his brother, Mr. J. D. Naylor, aged 68 years. The deceased had been an invalid for five years being afflicted with paralysis.

Miss Kathleen Walter entertained "At Cards" at her home in Hill Court in compliment to Miss Julia Jenkins, of Flemingsburg, who is here for a visit to her mother, Mrs. S. Jenkins.

The information of the death of Dr. E. H. Pearce at his home in Danville after an illness of only two days of pneumonia was received here with sincere regret. The deceased was in his 72nd year and was formerly pastor of the Methodist church in this city. An eminent divine, a learned scholar and a Godly man has fallen from out the ranks of men. A widow, two daughters and two sons survive him.

No Rabbit Diptheria There

The theory that diptheria has caused the deaths of hundreds of rabbits found dead in the fields of Nicholas, Pulaski and adjoining counties, apparently is refuted by the report of Dr. Lillian South of the State Board of Health laboratory, Bowling Green who has examined the carcasses of two of them found in Nicholas county and found no trace of diptheria. A thorough examination will be made to determine if possible the cause of their death.

LATEST WAR NEWS

Lodz, the second city of Poland, and lying seventy-five miles to the west southwest of Warsaw, has fallen to the Germans. It was occupied Sunday according to the official announcement from Berlin. Around this important town a desperate battle has raged for days. Here countless thousands have fallen in desperate hand to hand combat and from the shells of hundred of guns.

It was evident from the occupation of Lodz by the Germans that the heaviest kind of fighting has been going on, for late advices told of a vicious attack and bombardment of Lodz, and fighting on the outskirts, and previous to that of operations twenty miles west of Piotrkow, which lies considerably south of Lodz, and along from Głowne sixteen miles northeast of Lodz, to the Vistula River.

Lodz has long been an objective point of the Germans. It has grown in recent years from an insignificant place to be one of the most populous cities in the empire. In 1910 it had 415,604 population and with this important place as a base, it is expected that the Germans will make a strong effort to reach the Polish capital of Warsaw.

Berlin withholds details of the capture of Lodz, in Poland, which gives them control of the railway lines into Warsaw. Military critics regard the feat of the German army as remarkable, it is stated. The official statement from the Austrian War Office says the fighting in Poland is yet indecisive. Petrograd has made no official statement of the loss of the city.

Taking advantage of the preoccupation of the Germans in the East, the Allies have begun offensive movements in the West, and claim to be in virtual possession of the left bank of the Yser.

Regarding the other operations in the east, the Serbian war office reports Serbian success on the whole front with the capture of 2,000 men and four batteries.

On the other hand Vienna reports that the Austrian troops are gaining south of Belgrade.

Eight battalions of Italian troops have been ordered to Libya to reinforce troops there and, according to the announcement from Rome, "to be ready for any aggression." Advices from the Austrian frontier say that the statement of Premier Salandra in the Italian Parliament had an immediate echo in Austrian troops were rushed to the Italian border and to Pola.

The Allies are approaching a satisfactory understanding with the Balkan States, according to Athens dispatches.

Congress In Session Again

Congress reconvened Monday after the fall recess. Both houses adjourned to await the delivery of the President's message Tuesday. Majority Leaders Kern and Underwood discussed the legislative program with President Wilson. Mr. Underwood stated that he was in accord with the President on legislation proposed. He expressed the belief that appropriation bills would have the right of way, and that a vote would be taken on the prohibition amendment. Opposition was expressed to an extra session.

OWSLEY MAY BE CANDIDATE

Reported He Will Be In Race For Commonwealth's Attorney

County Attorney R. W. Keenon, of Harrodsburg, was here Tuesday looking after his fences in the race for the democratic nomination for Commonwealth's Attorney next year. Mr. Keenon has many strong friends in Lincoln, as his wife was a Hustonville girl, and will get a big vote here.

Reports have been persistent for several days past that Lincoln county was very apt to have a candidate in the race, the name of former Commonwealth's Attorney John Sam Owsley being heard in connection with the matter. Mr. Owsley said to the I. J. representative on Monday that he was not yet ready to announce as a candidate. He has been going over the district feeling the pulse of the people, and his friends say that he is receiving much encouragement.

Preached His First Sermon

Joseph Hopper, of this city, who is attending the Presbyterian Theological Seminary in Louisville, preached his first sermon Sunday morning at the Cave Run church, some fifteen miles from Louisville, where the splendid young man acquitted himself most creditably. Joseph promises to be a fitting successor to that grand old man of his, "Cousin" Joseph Hopper, of Perryville, who has been preaching for over sixty years, and whose clear and forceful expounding of gospel truths has caused so many to turn from the ways of the world to lead Christian lives. Joseph's friends here are expecting big things of him in the Master's Cause and there is every reason to believe that disappointment will not be their portion.

Twenty Conversions at Meeting

The revival services at the Methodist church, conducted by Rev. Clark are accomplishing great good in the community. So far about 20 conversions have been the result and many strengthened in faith. BETTER FEELING AMONG TOBACCO MEN THIS WEEK

Papers Say That Good Grades Are Bringing Good Prices But Poor Weed Is Slow

Lincoln county tobacco growers are watching the tobacco markets at Danville and Lexington with the keenest sort of interest. Many were disappointed at the prices realized at the opening of the various markets last week, but the papers say that a better feeling is now prevailing, for it seems that the grade of weed first offered was decidedly not of the best and that better prices are coming when better grades get on the market. The Danville Advocate had this to say of the opening sales at the two Danville warehouses early this week:

Tobacco sold higher on the breaks at the Peoples' Tobacco Warehouse Monday afternoon. One lot brought \$25 per hundred and Walter Pulliam got an average of \$13 per hundred for his crop. This is much higher than the opening market and is very encouraging to the growers. All tobacco is in very high case and this brought the prices down somewhat.

A good sized break of tobacco was offered at the Danville Tobacco Warehouse on Walnut street Monday morning. Prices showed a considerable advance over those of last week and growers were much better pleased. The quality of the offerings was also better and some very good averages were made. On account of the damp weather most of the tobacco is too heavily in case and this is a disadvantage. Altogether the sale was very satisfactory to all concerned.

The Lexington Leader Monday afternoon said this of Monday's sales there:

Greatly increased receipts characterized the opening of the second week of the Lexington tobacco market Monday. The scale of prices that ruled in the morning was about the same as in the fore the latter part of last week, and the high point reached before noon was \$16.25 per hundred.

The highest price of the season was reached in the afternoon when a twenty-five pound basket from the crop grown by Luther Stivers, near Athens, went for \$25.50 a hundred at the Independent house. At the same house, another basket of the Stivers' crop, weighing 40 pounds, brought \$19.50.

The general quality of the leaf showed some improvement over last week's offerings. Much of it was damp and houseburned, and did not look attractive to the buyers.

A small amount of fair tobacco was offered which brought \$12 to \$16. Many small lots were put on floor, but several good-sized crops made their appearance.

Berry and Allender offered 7,029 pounds at the Growers' house that went for \$8.50 and \$12.75, averaging up well all the way through. Van Brashear had 6,000-pound consignment on sale at the same house, that brought good prices. Mr. Brashear has 20,000 pounds more of the best of his crop that he will bring to Lexington in a week or two.

The Winchester Democrat said of sales there last week:

The tobacco market opened in Winchester last week when 50,000 pounds of the weed was on sale at the Planters' House at prices ranging from \$3.90 to \$17.25. The average price for the total amount was between \$10 and \$12, which is some little bit better than of the opening of the Lexington market earlier in the week.

One crop averaged \$14.25 and a number of crops held up well but there were no real fine crops offered.

Everybody's wondering what effect this cattle quarantine will have on Commissioner J. W. Newman's candidacy for governor. We heard a Woodford county man say the other day that when the quarantine first went on Newman was "tensed" up

one side and down the other by the cattle feeders, but that when he got busy over the wire with the Agriculture Department at Washington on behalf of the Kentucky feeders, his stock went way above par.

An exchange says that the alumni of Centre University are offering suggestions for increasing the attendance. We suggest that instead of suggestions they offer sons, for it certainly seems that something should be done. A Danville party told us the other day that the attendance of this grand old institution had dwindled until there are only about 90 students enrolled this year.

Ex-Lieut. Gov. Bill Thorne, of Henry county, says that he fears so many "leading" democrats want to be governor, that there won't be enough left to fill the other offices.

In Memoriam of Mrs. L. D. Rousseau

Mrs. Desdomona Rousseau, ne Jones, was born in Pulaski county a little more than 58 years ago. She married L. D. Rousseau, of Kentucky, just a few weeks of 33 years ago. Her husband and two sons, Clyde and William with William's wife and baby, live on the same ranch about eight miles northwest of Phoenix, Arizona. Two sisters, a brother and a half brother live in Kentucky, and a brother in California and one in Colorado. One sister and brother were present at the funeral.

On the evening of November 12th, she and her husband were driving to a wedding down a dark country road and the horse became frightened at some ostriches in the road and became unmanageable; in attempting to leap from the buggy, Mrs. Rousseau was thrown to the ground and killed instantly.

She was buried from Cartwright Methodist church and interred in Greenwood cemetery, near the city of Phoenix, on November the 17th. The funeral services were conducted by her pastor, assisted by Revs. Cheek and Fitch, her Presiding Elder and her former pastor. An unusually large number of friends and acquaintances followed her remains to its last resting place and the casket was entirely hidden by beautiful floral remembrances.

The deceased had lived in this valley 22 years and in this neighborhood for 15 years. She had been a devout Christian since early girlhood and a faithful and consistent member of the Methodist church for 10 years. Sister Rousseau is accurately and beautifully described in Proverbs, 31:10 to 31. Her character was one of singular sincerity and simplicity, free from any trace of affectation and unmarred by the slightest taint of selfishness. She served with cheerfulness and zeal her Lord and her church, without regard to praise or blame. She was the friend and confidant of the young; the companion and comforter of the aged. Hers was the true Mother-heart, that marvelous result of Divine grace that is nearest kin to the Divinest Love. She fell asleep at eventide to awake in God's eternal day dawn, where, "the shadows flee away." May we all live to join her at the assembling of the "Church of the First Born."

Her pastor,

JOEL FRANK HEDGPETH.

THE INTERIOR JOURNAL

EXTRAORDINARY SALE

Of Over 100 Wooltex Coats

At the Lowest Prices it Has Ever Been Possible for Us to Make on Wooltex Coats

WOOLTEX COATS are the standard of value in Women's Coats—it is not possible to make a coat better than Wooltex and they have won the confidence of the public on their merits, so it has never been necessary to cut the prices of Wooltex Coats to sell them.

As this is the first time we had a sale of Wooltex Coats at cut prices (and we may never have another) you will doubtless wonder why this sale. The reply is that it is the first chance we have ever had.

The Wooltex people telegraphed us November 28th that they would take inventory December first and that on account of the very warm weather they had a good line of fine coats on hand which they would sell very cheap rather than take in inventory.

As we could have used these at regular prices we jumped at this chance and spent all day, December 1st., in the Wooltex factory in Cleveland selecting the choice of their stock at an average price of ONE-HALF THE REGULAR PRICES.

Every One of These Garments Is Absolutely Perfect and Newest Shapes and Carry the Wooltex Two-Year Guarantee.

We want our trade to get the entire benefit of this purchase and so we offer the entire line at a very close margin.

None Sent Out on Approval

\$9.75

is the price of next finer lot and in it are plain and fancy coats worth NOW up to \$22.50.

\$12.50

is the price of the first lot and these garments are all worth NOW, \$15 to \$18.50

\$19.75--Finest Wooltex Coats Made--\$19.75.

In this lot will be found street and evening coats

that are selling NOW in over 700 Wooltex stores at \$32.50, \$35.00, \$37.50, \$40.00 and \$45.00. More than twenty different styles of coats and materials to select from. Most of these are only one of a kind.

Now do not get the idea that Wooltex have cut the prices on their line of coats for they have not. They merely sold out the ones they had on hand, and any that we may want to order now will cost us the full regular prices.

Dog Days.

Dog days is the name applied to the heated season of the year at the time of the heliacal rising of Sirius, the dog star; that is, the time when it rose just before the sun. They usually lasted for about 40 days. We still retain the expression of dog days as applied to the hottest season of the year, but owing to the procession of the equinoxes it is no longer the time of the heliacal rising of the dog star.

Did Horse Seek Death?

Can a horse commit suicide? This theory is brought forward through a singular affair at Frighouse, England. About a week ago a horse fell into a pond in the vicinity of the Frighouse cricket field, and it was got out after two hours of strenuous exertion. A day or two later the horse found its way to the same pond, and this time met with its death. Frighouse people are asking if the horse went there purposely.

Ancient Hebrew Calendar.

Sabbath keeping appears in history soon after the Babel confusion among all the scattered nations, and when Israel left Egypt there were five known methods of Sabbath counting. The ancient Hebrew calendar was the nearest approach to a scientific calendar of any of which we have any record.

Purists Up In Arms.

The purists are now objecting to the use of such modern terms as "drummer" for commercial traveler, "sleeper" for sleeping car, "hard up," "on the go" and so on. They also oppose the phrase, "an awfully pretty girl" on the ground that beauty never produces awe in the beholder.

Fashions Change Little.

From the fresco paintings of women in the Cretan palaces of the period about 2,000 B. C. it is learned that the women of that time pinched in their waists, had flounced or accordion-plaited skirts, wore an elaborate coiffure on their heads, shoes with high heels and hats which might have come from a Parisian hat shop, while one woman might be described as wearing a jupe culotte.

Catarrh Truth

TOLD IN A SIMPLE WAY—

No Apparatus, Inhalers, Salves, Lotions, Harmful Drugs, Smoke or Electricity

HEALS DAY OR NIGHT

It is a new way. It is something absolutely different. No lotions, sprays or sickly smelling salves or creams. No atomizer, or any apparatus of any kind. Nothing to smoke or inhale. No steaming or rubbing or injections. No electricity or vibration or massage. No powder; no plasters; no keeping in the house. Nothing of that kind at all. Some-

thing new and different, something delightful and healthful, something instantly successful. You do not have to wait, and linger and pay out a lot of money. You can stop it over night—and I will gladly tell you how—FREE. I am not a doctor and this is not a so-called doctor's prescription—but I am cured. Your suffering will stop at once like magic.

I Am Free—You Can Be Free

My catarrh was filthy and loathsome. It made me ill. It dulled my mind. It undermined my health and was weakening my will. The hawking, coughing, spitting made me obnoxious to all, and my foul breath and disgusting habits made even my loved ones avoid me secretly. My delight in life was dulled and my faculties impaired. I knew that in time it would bring me to untimely grave, because every moment of the day and night it was slowly yet surely sapping my vitality.

But I found a cure, and I am ready to tell you about it FREE. Write me promptly.

RISK JUST ONE CENT

Send no money. Just your name and address on a postal card. Say: "Dear Sam Katz: Please tell me how you cured catarrh and how I can cure mine." That's all you need to say. I will understand, and I will write to you with complete information. FREE at once. Do not delay. Send a postal card or write me a letter today. Don't think of turning this page until you have asked for this wonderful treatment that can do you what it has done for me.

THE TOBACCO SITUATION

Prices Will Pick Up With Improved Quality, Say Experts

(Lexington Leader)

An improvement in the price of tobacco on the Lexington floors will depend more than anything else upon an improvement in the quality and an increase in the quantity, according to the consensus of the opinion of a number of tobacco men Saturday night.

All of the local men seen expressed themselves, but not for publication. There was not a single criticism of the methods of the buyers on the local floors, and many of those interviewed expressed the opinion that the tobacco offered has brought on the whole a fair price, considering the quality.

"I believe there is honest competition among the buyers for the several big houses," said an independent buyer. "The price may stiffen when other buyers get into the market, but there are a hundred reasons why the smaller buyers have not been much in evidence. One of them is that the market is not expected to be very active until after the holidays. It is reasonable to expect that a considerable more active market with a wider selection of offerings will be more attractive to the buyer who only wants a few grades, and can pick up what he likes from a big floor."

"The tobacco is very different from last year," said another observer of conditions. "Tobacco is grading different. There is no frozen leaf, but a good deal of house-burn. A buyer really has not yet made up his mind what he wants, and is timid about setting up a value."

Another opinion expressed by one of the best known men in the local market is that the offerings thus far have been too small to warrant extensive loading up. "If I had bought for my firm as heavy as I intend to later in the season, I should have a hundred grades scattered around through the re-briers, and not enough of any to make a hog-head. I can't buy tobacco that way."

One or two of the tobacco men expressed the opinion that so-called independent buyers would come into the market very shortly, and that their influence would stimulate more active competition.

These estimated that the condition of the money market is all that is keeping this influence out of the loose leaf houses, but this view was scouted by others, who declared that while the buying of tobacco is a cash proposition to the farmer who hands it in, it requires the making of financial arrangements far in advance of the opening of the market, and that little grading is financed locally.

Sick Headache

Sick headache is nearly always caused by disorders of the stomach. Correct them and the periodic attacks of sick headache will disappear. Mrs. John Bishop of Roseville, Ohio, writes: "About a year ago I was troubled with indigestion and had sick headache that lasted for two or three days at a time. I doctored and tried a number of remedies but nothing helped me until during one of those sick spells a friend advised me to take Chamberlain's Tablets. This medicine relieved me in a short time." For sale by all dealers.

Dixie Rook Club

Mrs. Harry Hill was hostess of the Dixie Rook Club on last Thursday afternoon at her home on East Main street. Most of the members were present and also one table of guests; Mrs. Adam Pence, Mrs. Arthur Hill, Mrs. Lucy M. Bartley and Miss Bessie Hill. The highest score of the afternoon was made by Mrs. W. R. Todd and Mrs. S. M. Sautley. At the conclusion of the game a most appetizing luncheon was served.

Bogle Goes to Pen

Sheriff J. G. Weatherford took Bill Bogle, colored to the Frankfort pen last week to serve from one to five years for perjury. The Sheriff was kept very busy collecting taxes up to the first and took in a large sum before the penalty went on.

Courage and Duty.

To be strong in dull and dreary duty is almost the hardest task a man can face. It is a noble thing to be brave in tragic moments, but perhaps there is something even nobler than that. It is to be brave and glad, and strong, and tender when the sky is gray and when the road is dreary.—George H. Morrison.

Natural Inclination.

"Do you think your nephew shows any predilection for a useful pursuit?" asked the serious relative. "Well," replied Mr. Groucher, "judging by the way he tries to keep his face and hands and clothes, I think he would enjoy being a chimney sweep."

Civil Service Examination

The postmasters at Stanford and Crab Orchard have been notified of a civil service examination to be held at both places on Jan. 9, 1915 for the purpose of obtaining an eligible list for rural route carriers to fill a vacancy at the Crab Orchard office. Quite a number are said to be preparing themselves to take the examinations. The official notice prescribes the following conditions:

The compensation of a rural carrier is based upon the length of the route and ranges from \$184 to \$1,200 per year.

Age, 18 to 55, on the date of examination. The maximum age is waived in cases of persons honorably discharged from the United States military or naval service.

An applicant must have his actual domicile, in the territory supplied by a post office in the county for which the examination is announced.

The examination is open to all male citizens of the United States who can comply with the requirements.

A CONFESSION

Hopes Her Statement, Made Public, will Help Other Women.

Hines, Ala.—"I must confess," says Mrs. Eula Mae Reid, of this place, "that Cardui, the woman's tonic, has done me a great deal of good."

Before I commenced using Cardui, I would spit up everything I ate. I had a tired, sleepy feeling all the time, and was irregular. I could hardly drag around, and would have severe headaches continuously.

Since taking Cardui, I have entirely quit spitting up what I eat. Everything seems to digest all right, and I have gained 10 pounds in weight."

If you are a victim of any of the numerous ills so common to your sex, it is wrong to suffer.

For half a century, Cardui has been relieving just such ills, as is proven by the thousands of letters, similar to the above, which pour into our office, year by year.

Cardui is successful because it is composed of ingredients which act specifically on the womanly constitution, and helps build the weakened organs back to health and strength.

Cardui has helped others, and will help you, too. Get a bottle today. You won't regret it. Your druggist sells it.

ANOTHER LEXINGTON MAN GIVES FACTS

W. G. LONG, OF 212 CHARLES A VENUE, PRAISES ANDES.—RESULTS SURPRISING.—DECLARES MEDICINE IS -RE-MARKABLE AS ANDES CLAIMS IT TO BE.

One interesting statement after another is being made in connection with the introduction of Andes, the new medicine that is accomplishing such remarkable results all over Kentucky. W. G. Long, residing at 212 Charles ave., Lexington, one of the city's oldest and most favorably known citizens, said: "For the past two or more years, I have suffered with stomach, kidney and bladder trouble. I failed to digest my food properly and dyspepsia also developed. 'I felt languid and rather listless most of the time and frequently had nervous headaches. 'I decided to try Andes' Prescription. It was a happy decision on my part, as the medicine proved the first relief I have had in years. It is the best thing I have ever tried, as I am improved in many ways. I heartily recommend Andes to my friends."

The Great Andes, when asked for an expression regarding Mr. Long's statement, said:

Yellow Journalism. Grandpa often read aloud from the newspaper for mamma as she went about her work. One morning five-year-old Maxine brought a paper and sat down at his feet. Grandpa noticed that she, too, was pretending to read aloud. "A little girl ate a chicken alive and feathers grew out all over her back," was the startling bit of news he heard.—From the House-keeper.

Overcoming Obstacles. There is something else for us to do in this world than to resign ourselves to a series of circumstances. If we try hard enough we will find a way to surmount them.

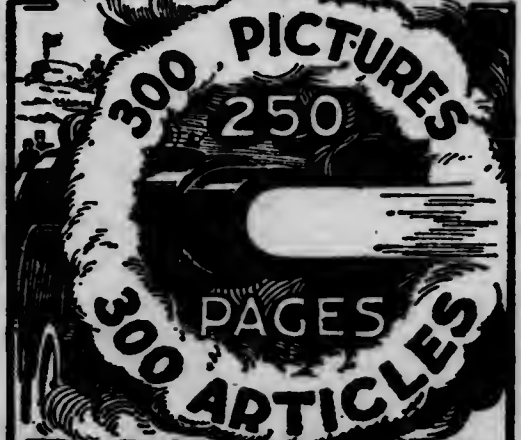

Victoria Fond of Jewelry. Queen Victoria, although simple in her tastes, had an almost oriental liking for beautiful and costly jewelry. Even if she rarely wore it, its possession gave her pleasure and she is reported to have spent hours in looking over her collection.

KIDD'S STORE

Corn harvest discloses greatest per cent of damaged grain ever known, amounting to one fifth to a fourth, both on stalk and in shock. Shock fodder was so damaged by late October rains as to be almost ruined. The market opened here at 60 cents a bushel of 75 pounds in shock.

Ben Mays, Jr., our champion boy corn-grower, has been awarded a complimentary trip to Panama Exposition, all expenses paid.

Jesse Grubbs has just received a medal as champion sharp-shooter of his regiment.

Lewis Grubbs, of Williamsburg is with his numerous kin, first time in many years.

It is astounding to the weather-wise that record shows lowest November temperature for forty years. Also that there was more snow in October than any year since night of 12, 1862.

Frank Reed and Miss Lolie Miller, of Chelfs Ridge were married Sunday 22nd. by Rev. Wm. Halt. Carpenter and Frye's green bands combined in serenading the couple with one of their classic symphonies (?), which the night being calm, was awakening to all within radius of four miles.

Your venerable and versatile Middleburg correspondent made a wide detour about northern rim of Casey so that he could renew acquaintances at this center. Come often Squire.

It is without hope of compensation that we congratulate Stanford on acquisition of McKee Riffe, our most industrious, enterprising, tireless hustler. Things simply hum when McKee is on the job and your loafers are warned to keep well inside the curling if they would escape a shaping-up which might demand liniment and bandages. A degree of apathy or stagnation never known here is assured till we win him back.

Mrs. Jesse Swinbeck, of Louisville has returned after a pleasant and pleasing visit with kin.

Uncle Samuel certainly has a myopic mail-supply who misreads Kidd's Store either Kron Prince, Kamehatka, Kalushin or other foreign name as periodically a batch of our interiors never, never finds your patrons here.

The mercantile microbe has again overwhelmed the former John Wamaker of Kidd's Store, Barney Leigh, and he is giving the old Cross Roads a few pointers in up-to-date methods of store-keeping.

Hunters are fewer than ever here. Quails are scarce and the rabbit is almost extinct. Last season they were a nuisance.
